## Pika Purger Download For Windows

A fully featured diff and merge utility. Features include: viewing, editing, merging, and uncommitting. It also includes the ability to view and compare all revisions to a file. View, edit, merge and uncommit at once: ... Divvy is a nifty utility that lets you modify your iPod playlist using Apple's iTunes music library. What the program allows you to do is to drag and drop songs from the iTunes music library onto your iPod playlist. This way, you can have your iPod play the music you like, in your preferred order. What's nice about Divvy is that it lets you do all this without needing iTunes. That means you don't need to sync your iPod to your computer for each change you make. Plus, the program is free and comes bundled with your computer. Making modifications in your iPod playlist is quite simple. All you have to do is add songs to your iPod playlist, and Divvy will show you how they fit into your existing list. Also, the program will let you edit your playlist from the main menu or by using the keyboard shortcuts Ctrl+G and Ctrl+A. Other features of Divvy include: \* View and edit your iPod playlist \* Add songs to your iPod playlist \* Show song and album cover for a song \* Change song order \* Add or delete a song from your iPod playlist \* Add or remove multiple songs from your iPod playlist \* Set title, artist, album, and genre for a song \* Compress/expand iTunes music library to keep free space in your music library \* Auto-fill iTunes album cover from metadata and images of the album cover \* Auto-fill iTunes artist name and album name from metadata and images of the artist \* Automatically add and remove songs to your iPod playlist \* View and sort songs according to their rating and rating date \* View and sort your iPod playlist by song title \* Generate a ZIP file of your iPod playlist \* Export/import your iPod playlist to CSV, TXT, and XLS \* Copy or move songs from your iPod playlist to your computer \* Sort and reorder your iPod playlist \* Set iPod shuffle songs as ringtones \* Create a playlist by adding songs from the iTunes music library \* Add music you don't own to your iPod playlist \* Edit a song in your iPod playlist \* Set the iTunes music library location \* Create a new music library \* Create a new music library folder
